BIOGRAPHY

I am 35 years old and was born and raised in Santa Clarita. I am a photographer/retoucher specializing in portraits. I love to read, go on long roadtrips with my dog and partner, play tabletop/role playing games, and create hand embroidery art. I have many years experience as a photographer/retoucher, and more recently, graphic design. I find a lot of joy in creating art via photography, editing, and graphic design.
